

Education 2019-2020

Dear County Presidents,

The Education Project for this year will be for each Unit to donate school supplies to their local schools and/or social services department.

I am going to make this exciting, **“I” Challenge each County to reach 100% participation from each of their Units. Upon this goal, I will put my money where my mouth is and donate \$10 to our Departments Children’s Miracle Network Fund.** We have 21 Counties in New Jersey; I hope to donate **\$210.**

The Counties who reached 100% will be included in the yearend report to National. Also, Units/Counties will be mentioned in the convention book we receive as delegates and our invited guests. I hope your county name is not left off the list.

So, it’s up to you as County President to notify all of your Units before the First Department Meeting, August 11, 2019.

Report forms and deadlines will be provided in the information packet you will receive at the First Department Meeting on August 11. Any questions please don’t hesitate to contact me.

For God and Country,

Ellie Zaleski

Education Chairman

Department of New Jersey 2019-2020

9 Spruce Place

Denville, N.J. 07843
