ALA Education Program

The American Legion Auxiliary Education Program promotes quality education for children and adults. A quote by Carl Rogers states, "The only person who is educated is the one who has learned how to learn...and change."

Education Program

Veterans in the Classroom

Do you know of a Veteran willing to share their Military experience? Contact your local schools and promote the Veteran in the Classroom, an American Legion Family program. Have Veterans talk about how their life have been impacted thru their Military experience. Veterans Day is fast approaching, and this is a time to THANK those that served and still serving. Allowing the students to interact and ask questions brings comfort and assurance to the Veteran that their Service is appreciated. Ask teachers to have students make THANK YOU for YOUR SERVICE cards to give to the Veterans. Have your local Post get involved by coming and during the POW/MIA Ceremony.

Veterans are important pieces of American history. The American Legion Family believes accounts of their experiences while in uniform and as a result of their military service should be preserved and shared with others. Veterans have witnessed monumental events in history. They can help students learn from and appreciate the sacrifices individuals and their families have made.

Visit the Education Program Resources at www.legion-aux.org for information on "How to Organize Veterans in Community School Event. Share your pictures and stories with us.
